The Estill Action Group strives to: Take pride in Estill County--to encourage one another to share ideas. To empower each other to use their voices, talents, and any resource they possess to better and beautify our community. To keep an open mind and enlighten others through ideas & change. To work together and achieve a common goal--to simply "do something". To leave behind our community in a better way.

The current project the group is focused on is becoming a Kentucky certified Trail Town. The Twin City Trail Town project will connect paddle, hiking, and biking trails to downtown Irvine and Ravenna in an effort to improve our community.
